

## An aerial photograph of a residential neighborhood. A red arrow points to a house on a street labeled '1586 ELM ST.' in red text. The house is a two-story structure with a dark roof and light-colored siding. The surrounding area includes other houses, trees, and a large commercial building on the right.

The site plan illustrates the layout of a new 2-story house and an adjacent garage + carriage house. The overall dimensions of the property are 9' - 10 1/4" wide by 40' - 0" deep. The new 2-story house is 40' - 0" wide and 16' - 8 1/4" deep. The garage + carriage house is 26' - 5 5/8" wide and 14' - 8" deep. The plan includes various outdoor features such as patios, gardens, and porches. The property lines are indicated by dashed lines, and the existing sidewalk is shown on the left side. The new 2-story house has a central staircase with 'UP' and 'DN' directions. The garage + carriage house has a staircase with an 'UP' direction. The plan also shows utility lines for gas, electricity, and water, as well as a trash area. The overall layout is designed to maximize the use of the property space while maintaining a clear separation between the new house and the existing garage + carriage house.
